MANAGEMENT PROXY CIRCULAR
as at July 29, 2019 *(unless otherwise indicated)*

This Management Proxy Circular (the “Circular”) is furnished in connection with the solicitation of proxies by the management of NervGen Pharma Corp. (“NervGen” or the “Corporation”) for use at the annual meeting (the “Meeting”) of its shareholders to be held on September 5, 2019 at the time and place and for the purposes set forth in the accompanying Notice of the Meeting.

GENERAL PROXY INFORMATION

Solicitation of Proxies

The solicitation of proxies will be primarily by mail, but proxies may be solicited personally or by telephone by directors, officers and regular employees of the Corporation. The Corporation will bear all costs of this solicitation.

Appointment of Proxyholders

The individuals named in the accompanying form of proxy (the “Proxy”) are officers and/or directors of the Corporation. **If you are a shareholder entitled to vote at the Meeting, you have the right to appoint a person or company other than either of the persons designated in the Proxy, who need not be a shareholder, to attend and act for you and on your behalf at the Meeting. You may do so either by inserting the name of that other person in the blank space provided in the Proxy or by completing and delivering another suitable form of proxy.**

Voting by Proxyholder

The persons named in the Proxy will vote or withhold from voting the common shares in the capital of the Corporation (“Common Shares”) represented thereby in accordance with your instructions on any ballot that may be called for. If you specify a choice with respect to any matter to be acted upon, your Common Shares will be voted accordingly. The Proxy confers discretionary authority on the persons named therein with respect to:

- a) each matter or group of matters identified therein for which a choice is not specified, other than the appointment of an auditor and the election of directors,
- b) any amendment to or variation of any matter identified therein, and
- c) any other matter that properly comes before the Meeting.

In respect of a matter for which a choice is not specified in the Proxy, the persons named in the Proxy will vote the Common Shares represented by the Proxy for the approval of such matter and for the nominees of management for directors and auditors as identified in the Proxy.

Registered Shareholders

If you are a registered shareholder, you may wish to vote by proxy whether or not you attend the Meeting in person. Registered Shareholders electing to submit a proxy may do so by:

- (a) completing, dating and signing the enclosed form of proxy and returning it to the Corporation’s transfer agent, Computershare Investor Services Inc. (“Computershare”) (Attention: Proxy Department), 100 University Avenue, 9th Floor, Toronto, Ontario M5J 2Y1 no less than 48 hours (excluding Saturdays, Sundays and holidays) prior to the day of the Meeting or, by a registered Shareholder, with the Secretary or the Chairman of the Meeting at the time and place of the Meeting or any adjournment thereof. The instrument appointing a proxy-holder must be executed by the shareholder or by his or her attorney authorized in writing or, if the shareholder is a corporate body, by its authorized officer or officers;

- (b) using a touch-tone phone to transmit voting choices to a toll free number. Registered shareholders must follow the instructions of the voice response system and refer to the enclosed proxy form for the toll free number, the holder's account number and the proxy access number; or
- (c) logging on to the internet through Computershare's website at www.investorvote.com. Registered shareholders must follow the instructions that appear on the screen and refer to the enclosed proxy form for the holder's account number and the proxy access number.

Non-Registered (or Beneficial) Shareholders

There are two kinds of Beneficial Shareholders: Objecting Beneficial Owners ("OBOs") object to their name being made known to the issuers of securities which they own; and Non-Objecting Beneficial Owners ("NOBOs") who do not object to the issuers of the securities they own knowing who they are.

The following information is of significant importance to shareholders who do not hold Common Shares in their own name. Beneficial Shareholders should note that the only proxies that can be recognized and acted upon at the Meeting are those deposited by Registered Shareholders (those whose names appear on the records of the Corporation as the registered holders of Common Shares) and NOBOs, or as set out in the following disclosure.

If Common Shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those Common Shares will not be registered in the shareholder's name on the records of the Corporation. Such Common Shares will more likely be registered under the names of intermediaries, which include banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans.

Intermediaries are required to seek voting instructions from Beneficial Shareholders in advance of meetings of shareholders. Every intermediary has its own mailing procedures and provides its own return instructions to clients.

Voting for Beneficial Shareholders

The Corporation is taking advantage of the provisions of National Instrument 54-101 "*Communication with Beneficial Owners of Securities of a Reporting Issuer*" ("NI 54-101") that permit the Corporation to deliver proxy- related materials directly to its NOBOs. Please see the above headings "*Registered Shareholders*" and "*Non-Registered (or Beneficial) Shareholders*".

Beneficial Shareholders who are OBOs do not appear on the list of shareholders of the Corporation maintained by the transfer agent. The Corporation will not pay for intermediaries to forward the proxy related materials for the Meeting to OBOs. Accordingly, any OBOs should note that they will not receive copies of these proxy related materials unless the intermediary for each OBO assumes the delivery costs related in any such delivery. **OBOs should follow the instructions of their intermediary carefully to ensure that their Common Shares are voted at the Meeting.**

Notice to Shareholders in the United States

The solicitation of proxies involves securities of an issuer located in Canada and is being effected in accordance with the corporate laws of Canada and securities laws of the Provinces of Canada. The proxy solicitation rules under the United States *Securities Exchange Act of 1934*, as amended, are not applicable to the Corporation or this solicitation, and this solicitation has been prepared in accordance with the disclosure requirements of the securities laws of the Provinces of Canada. Shareholders should be aware that disclosure requirements under the securities laws of the Provinces of Canada differ from the disclosure requirements under United States securities laws.

The enforcement by shareholders of civil liabilities under United States federal securities laws may be affected adversely by the fact that the Corporation is incorporated under the *Business Corporations Act* (British Columbia) certain of its directors and its executive officers are residents of Canada and a substantial portion or all of its assets and the assets of such persons are located outside the United States. Shareholders may not be able

to sue a foreign company or its officers or directors in a foreign court for violations of United States federal securities laws. It may be difficult to compel a foreign company and its officers and directors to subject themselves to a judgment by a United States court.

Revocation of Proxies

In addition to revocation in any other manner permitted by law, a registered shareholder who has given a proxy may revoke it by:

- a) executing a proxy bearing a later date or by executing a valid notice of revocation, either of the foregoing to be executed by the registered shareholder or the registered shareholder's authorized attorney in writing, or, if the shareholder is a corporation, under its corporate seal by an officer or attorney duly authorized, and by delivering the proxy bearing a later date to Computershare (see "*Registered Shareholders*" above), or at the address of the registered office of the Corporation at 595 Burrard Street, Suite 2600, Three Bentall Centre, Vancouver, British Columbia V7X 1L3, at any time up to and including the last business day that precedes the day of the Meeting or, if the Meeting is adjourned, the last business day that precedes any reconvening thereof, or to the chairman of the Meeting on the day of the Meeting or any reconvening thereof, or in any other manner provided by law; or
- b) personally attending the Meeting and voting the registered shareholder's Common Shares.

A revocation of a proxy will not affect a matter on which a vote is taken before the revocation.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

No director or executive officer of the Corporation, or any person who has held such a position since the beginning of the last completed financial year of the Corporation to the date of this Circular, nor any nominee for election as a director of the Corporation, nor any associate or affiliate of the foregoing persons, has any substantial or material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted on at the Meeting other than the election of directors and as set out herein.

Particulars of the Stock Option Plan

The Corporation's Stock Option Plan in its current form, was last approved by the Board on January 2, 2019. On July 29, 2019, the Board, subject to Shareholder approval at the Meeting, approved an amendment to increase the number of Common Shares which may be reserved for Options under the Stock Option Plan to 5,570,331 which represents a fixed amount equal to 20% of the issued and outstanding Common Shares as at the Record Date. The Shareholders have not approved the Stock Option Plan or the subsequent amendment. Accordingly, shareholder approval of the Amended Stock Option Plan is being sought at the Meeting, see "*Particulars of Matters to be Acted Upon*" above.

Material Terms of Stock Option Plan (before proposed amendments)

The terms of the Stock Option Plan described below are intended as a summary only and are qualified in their entirety by reference to the complete text of the Stock Option Plan.

The Stock Option Plan is intended to attract, retain and motivate persons of training, experience and leadership as key service providers to the Corporation and its subsidiaries, including their directors, officers and employees, and to advance the interests of the Corporation. Options may be granted to a director, officer, employee or service provider of the Corporation or any related entity (being a person that controls or is controlled by the Corporation or that is controlled by the same person that controls the Corporation) (each, an "Eligible Person").

The aggregate number of Common Shares reserved for Options under the Stock Option Plan is fixed at 2,608,800

Common Shares, being 9.59% of the issued and outstanding Common Shares as at the date the Corporation began trading on the TSX Venture Exchange. If Options expire or are surrendered or otherwise terminated without being exercised in whole or in part, new Options may be granted in place of such Options.

The grant of Options under the Stock Option Plan is subject to the following limitations:

- (i) the number of Common Shares reserved for issuance to any one optionee pursuant to Options, when aggregated with all other Common Shares reserved for issuance under any other equity incentive plan of the Corporation, may not exceed 5% of the outstanding Common Shares on a yearly basis unless the Corporation obtains disinterested shareholder approval;
- (ii) the aggregate number of Common Shares reserved for issuance to any one consultant pursuant to Options in any 12 month period, when aggregated with all Common Shares reserved for issuance to such consultant under any other equity incentive plan of the Corporation, may not exceed 2% of the outstanding Common Shares on the date when the Options are granted;
- (iii) the aggregate number of Common Shares reserved for issuance to persons employed in investor relations activities pursuant to Options, when aggregated with all Common Shares reserved for issuance to such persons under any other equity incentive plan of the Corporation, shall not exceed 2% of the outstanding Common Shares in any 12 month period calculated at the date such Options are granted;
- (iv) Disinterested shareholder approval is required if there is a grant of Options to “insiders” of the Corporation within a 12 month period which, when the Common Shares issuable under such Options are aggregated with all Common Shares reserved for issuance to Insiders of the Corporation under any other equity incentive plan of the Corporation, exceeds 10% of the issued Common Shares.

The exercise price of Options is determined by the Board, but may not be less than the Fair Market Value (“FMV”) on the grant date. The FMV is the last closing price of a board lot of the Common Shares before the grant date on the stock exchange or over the counter market which is the principal trading market for the Common Shares, as may be determined for such purpose by the Board.

The Options have a maximum term of ten years from the date of issue and Options vest as the Board may determine upon the award of the Options.

To the extent not earlier exercised, an Option shall terminate at the earliest of the following dates:

- (i) the expiry date specified for such Option in the option agreement governing the specific terms of the Options granted to the optionee;
- (ii) where the optionee’s position as an employee, a director or an executive officer of or a consultant to the Corporation or any subsidiary is terminated for just cause, the date of such termination for just cause;
- (iii) where the optionee’s position as an employee, a director or an executive officer of or a consultant to the Corporation or any subsidiary (other than a person employed to provide investor relations activities), terminates for a reason other than the optionee’s disability, death, or termination for just cause, 90 days after such date of termination, or in the case of a person employed to provide investor relations activities, 30 days after such termination but:
 - (a) if an optionee’s position changes from one of the said categories to another category such change will not cause the option to terminate;
 - (b) upon the optionee making written application to the Board and receiving the written consent of the Board, which consent may be given at the discretion of the Board, at such later date as determined by the Board which must be no later than the original expiry date of such Option when it was granted and the first anniversary of the optionee’s termination;

- (c) where the optionee's position as an employee, a director or an executive officer of or a consultant to the Corporation or any subsidiary (other than a person employed to provide investor relations activities), terminates due to the optionee's death, the first anniversary of the optionee's death; and
- (d) the date of any sale, transfer, assignment or hypothecation, or any attempted sale, transfer, assignment or hypothecation, of such Option in violation of non-transferability provisions.

Subject to the approval of any stock exchange on which the Corporation's securities are listed, the Stock Option Plan may be terminated at any time by resolution of the Board, but any such termination will not affect or prejudice rights of participants holding options at that time. If the Stock Option Plan is terminated, outstanding options will continue to be governed by the provisions of the Plan.

The Stock Option Plan contains additional provisions to provide for incentive stock option grants for United States resident optionees, intended to qualify as an "incentive stock option" pursuant to section 422 of the United States Internal Revenue Code of 1986, as amended.

Employment, Consulting and Management Agreements

The Corporation and Dr. Wong entered into two separate employment agreements (one with the Corporation and one with the Subsidiary), effective August 1, 2018, for an indefinite term (the "Wong Employment Agreements"), pursuant to which Dr. Wong is employed as the Chief Executive Officer of the Corporation and the Subsidiary. The employment agreement with the Corporation entitled Dr. Wong to an annual salary of US\$ 12,500 until October 1, 2018 whereupon it increased to US\$ 25,000. Dr. Wong's salary further increased to US\$ 30,000, beginning the Corporation's successful completion of an IPO and listing the Common Shares on the TSXV. Dr. Wong was paid a signing bonus of \$500 in consideration of entering into the agreement. The employment agreement with the Subsidiary entitled Dr. Wong to an annual salary of US\$ 112,500 until October 1, 2018 whereupon it increased to US\$ 225,000. Dr. Wong's salary further increased to US\$ 270,000, beginning the Corporation's successful completion of an IPO and listing the Common Shares on the TSXV. The Subsidiary will reimburse Dr. Wong up to US\$ 2,000 for tax advice and assistance in respect of the agreement. The Wong Employment Agreements provide for severance pay of 12 months of salary, if the agreements terminated by the Corporation without cause or by Dr. Wong for good reason, and he continues working for the Corporation and the Subsidiary for three months. Additionally, Dr. Wong will be entitled to payment of any cash performance bonus payable with respect to the financial year prior to the financial year in which termination occurs (if not previously paid), and, payment of any prorated bonus for the year in which termination occurs, which payment shall be calculated based on the bonus payable or awarded for the previous financial year; and payment during the severance benefit period of 12 months (or until such earlier date that substantially equivalent or better benefits are provided by a successor employer) of the cost of applicable insurance premiums for all health insurance. As at December 31, 2018, this obligation would be \$416,500. Dr. Wong has also entered into a non-competition agreement with the Corporation.

On termination of the agreement by the Corporation, Revelation will be entitled to severance equal to the previous six months fees plus compensation accrued and expenses incurred to the date of such termination. If Revelation's engagement is terminated for reasons as a result of a change of control of the Corporation, then Revelation will be entitled, in addition to the foregoing severance, to an additional lump sum payment equal to the fees paid in the previous six months. As at December 31, 2018, the obligation on termination of the agreement other than resulting from a change of control by the Corporation would be \$89,000 and the total obligation if termination resulted from a change of control would be \$161,500.

The amendment also included a bonus of \$22,500, paid in August 2019. The agreement has a term until December 31, 2019 and will automatically extend for one year unless otherwise terminated. On termination of the agreement by the Corporation, Mr.

Oversight and Description of Director and Named Executive Officer Compensation

The Corporation is a biotechnology research and development corporation that focuses on commercializing technologies in various fields and is dependent on financing to carry on its business. In order to ensure alignment with shareholder interests, as well as to conserve cash resources, the Corporation relies, when possible and prudent, on stock options, in addition to cash payments to remunerate its officers, employees, consultants and other service providers. To this end, the Corporation maintains the Stock Option Plan, pursuant to which directors, officers, employees and consultants may be granted options to purchase Common Shares. The Corporation does not maintain any pension or retirement plan

Compensation Discussion and Analysis

The Board is responsible for implementing and overseeing the human resources and compensation philosophy of the Corporation and making recommendations with respect to the compensation of the NEOs and directors of the Corporation. The Board determines director and NEO compensation annually at a meeting of the directors.

Objectives of the Compensation Program

The compensation program adopted by the Corporation was designed to attract and retain qualified and experienced executives who will contribute to the success of the Corporation. The executive compensation program attempts to ensure that the compensation of the Corporation's executive officers provides a competitive base compensation package and a bonus plan with a strong link to corporate performance objectives. Executive officers will be motivated through the program to enhance long-term shareholder value.

Elements of Compensation

<u>Compensation Element</u>	<u>Link to Compensation Objectives</u>	<u>Link to Corporate Objectives</u>
Base Salary or Consulting Fees	Attract and retain	Competitive pay ensures access to skilled employees and consultants necessary to achieve corporate objectives.
Bonus	Attract and retain	Bonus plans serve to focus employees' efforts on key objectives, increase employee motivation by establishing a clear link between pay and performance and support stakeholder ideals by allowing employees to share in the success of the business.
Options	Motivate and reward, align interests with shareholders	Long-term incentives motivate and reward employees and consultants to increase shareholder value by the achievement of long-term corporate strategies and objectives.

As the Corporation is in the development-stage, it cannot staff every function that would be in place in a more mature, profitable corporation. Nevertheless, the Corporation also requires access to a similar range of expertise and hands-on capabilities. Therefore, the Corporation makes use of consultants, typically on a part-time basis. All consultants must enter into a confidential disclosure agreement with the Corporation. The specific terms of each consulting engagement differ as to the consultant's time commitment to the Corporation and the compensation rate paid to the consultant. Industry consultant compensation norms, consultant capabilities, and the Corporation's needs are the key factors when

determining appropriate consultant compensation.

The Corporation provides executive officers with base salaries providing their minimum compensation for services rendered during a financial year. NEOs' base compensation depends on the scope of their experience, responsibilities, performance, length of service, general industry trends and practices, competitiveness, and the Corporation's existing financial resources. Base salaries are reviewed annually by the Board.

The Corporation provides its executive officers and certain consultants, with a performance bonus based on the achievement of detailed employee performance objectives as well as the attainment of the Corporation's goals. Potential annual bonus as a percentage of base compensation varies by role, ranging from 20%-30%.

The grant of Options pursuant to the Stock Option Plan has been an integral component of the compensation arrangements of the senior officers of the Corporation, and the Corporation expects this to continue. The Board believes that the grant of Options to executive officers and Common Share ownership by such officers motivates such officers to strive towards achievement of the Corporation's long-term strategic objectives, which will benefit all shareholders. Options will be awarded based on determinations by the Board. Decisions with respect to Option grants will be based upon the individual's level of responsibility and their contribution towards the Corporation's goals and objectives and may be awarded in recognition of the achievement of a particular goal or extraordinary service. The Board will consider the overall number of Options that are outstanding relative to the number of outstanding Common Shares in determining whether to make any new grants of Options and the size of such grants.

Although the Board considers general industry trends and practices in determining NEO compensation, a specific peer group was not used to determine NEO compensation during the year ended December 31, 2018.

Risk Assessment

In carrying out its mandate, the Board from time to time reviews the risk implications of the Corporation's compensation policies and practices, including those applicable to the Corporation's NEOs. This review of the risk implications ensures that the compensation plans, in their design, structure and application have a clear link between pay and performance and do not encourage excessive risk taking. Key considerations regarding risk management include the following:

- a) Design of a compensation program to ensure all executives are compensated equally based on the same or, depending on the mandate and term of appointment of a particular executive, substantially equivalent performance goals,
- b) A balance of short-term performance incentives with equity-based awards that vest over time,
- c) Ensuring that the overall expense to the Corporation of the compensation program does not represent a disproportionate percentage of the Corporation's annual budget or financial resources, after giving consideration to the development stage of the Corporation, and
- d) Utilizing compensation policies that do not rely solely on the accomplishment of specific tasks without consideration to longer-term risks and objectives.

Hedging Policy

Named Executive Officers or directors are not permitted to purchase financial instruments that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by Named Executive Officers or directors, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds.

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

As of the date hereof, there is no indebtedness owing to the Corporation by any employees, officers, directors or Nominees of the Corporation (or any associate or affiliate thereof).

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

Other than as set out herein, none of the persons who were directors or executive officers of the Corporation or a subsidiary of the Corporation at any time during the Corporation's last financial year, the proposed nominees for election to the Board, any person or company who beneficially owns, directly or indirectly, or who exercises control or direction over (or a combination of both) more than 10% of the issued and outstanding common shares of the Corporation, nor any associate or affiliate of any such person, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any transaction during the year ended December 31, 2018, or has any such interest in any proposed transaction, which has materially affected or would materially affect the Corporation.

MANAGEMENT CONTRACTS

The business of the Corporation is managed by its directors and officers and the Corporation has no management agreements with persons who are not officers or directors of the Corporation.

CORPORATE GOVERNANCE

General

Corporate governance refers to the policies and structure of the board of directors of a company, whose members are elected by and are accountable to the shareholders of the company. Corporate governance encourages establishing a reasonable degree of independence of the board of directors from executive management and the adoption of policies to ensure the board of directors recognizes the principles of good management. The Board of the Corporation is committed to sound corporate governance practices; as such practices are both in the interests of shareholders and help to contribute to effective and efficient decision-making.

The Board and management believe that the Corporation has a sound governance structure in place for both management and the Board. Of particular note, NervGen has:

- Established a written mandate of the Board;
- Established a written charter for the Audit Committee;
- Established a written Disclosure and Trading Policy;
- Established a written Code of Ethics.

The Canadian Securities Administrators (the "CSA") have adopted National Policy 58-201 - *Corporate Governance Guidelines*, which provides non-prescriptive guidelines on corporate governance practices for reporting issuers such as the Corporation. In addition, the CSA have implemented National Instrument 58-101 - *Disclosure of Corporate Governance Practices* ("NI 58-101"), which prescribes certain disclosure by the Corporation of its corporate governance practices. This section sets out the Corporation's approach to corporate governance and addresses the Corporation's compliance with NI 58-101.

Board of Directors

Pursuant to NI 58-101, directors are considered to be independent if they have no direct or indirect material relationship with the Corporation. A "material relationship" is a relationship which could, in the Board's view, be reasonably expected to interfere with the exercise of a director's independent judgment.

The Board facilitates its independent supervision over management by having a majority of independent directors on both the Board and committees of the Board. The independent members of the Board, as of the date hereof, are: Michael J. Abrams, Brian E. Bayley and Harold M. Punnett. Dr. Ernest Wong and William J. Radvak are not independent as they are either current or former executive officers of the Corporation. The mandate of the Board is to manage corporate governance matters pertaining to the business and affairs of the Corporation. In fulfilling its mandate, the Board as a whole oversees the development and application of policies regarding corporate governance, deals with corporate governance issues, and is responsible for:

- a) adopting a strategic planning process for the Corporation;

- b) understanding the principal risks of the Corporation's business and ensuring the implementation of the appropriate systems to manage these risks;
- c) succession planning for the Corporation, including identifying, appointing, training and monitoring senior management;
- d) overseeing the integrity of the Corporation's internal controls and management information systems; and
- e) maintaining a continuing dialogue with management in order to ensure the ability to respond to changes, both internal and external, which may affect the Corporation and its business operations from time to time.

In carrying out its mandate, the Board holds regular meetings, and has established an audit committee. The frequency of meetings, as well as the nature of the matters dealt with, will vary from year to year depending on the state of the Corporation's business and the opportunities or risks, which the Corporation faces from time to time.

Orientation and Continuing Education

Management will ensure that a new appointee to the Board receives the appropriate written materials to fully apprise him or her of the duties and responsibilities of a director pursuant to applicable law and policy. Each new director brings a different skill set and professional background, and with this information, the Board is able to determine what orientation to the nature and operations of the Corporation's business will be necessary and relevant to each new director.

Ethical Business Conduct

The Board expects management to operate the business of the Corporation in a manner that enhances shareholder value and is consistent with the highest level of integrity. Management is expected to execute the Corporation's business plan and to meet performance objectives and goals. In addition, the Board must comply with conflict of interest provisions in Canadian corporate law, including relevant securities regulatory instruments, in order to ensure that directors exercise independent judgment in considering transactions and agreements in respect of which a director or executive officer has a material interest.

Nomination of Directors

Given the Corporation's current stage of development and size, the Board is of the view that it functions effectively as a committee of the whole with respect to the nomination of directors. The entire Board will assess potential nominees and take responsibility for selecting new directors. Any nominees are expected to be generally the result of recruitment efforts by the Board members, including both formal and informal discussions among Board members and the President of the Corporation.

The Corporation's articles of incorporation include a provision requiring advance notice of the nomination of persons to act as directors of the Corporation. Under this provision, subject only to the *Business Corporations Act* (British Columbia), nominations of persons for election to the Board may be made at any annual general meeting of shareholders, or at any special general meeting of shareholders if one of the purposes for which the special general meeting was called was the election of directors:

- (a) by or at the direction of the Board including pursuant to a notice of meeting,
- (b) by or at the direction or request of one or more shareholders pursuant to a proposal made in accordance with the provisions of the *Business Corporations Act* (British Columbia) or a requisition of the shareholders made in accordance with the provisions of the *Business Corporations Act* (British Columbia) or
- (c) by any person (a "Nominating Shareholder") who
 - (i) at the close of business on the date of the giving of the notice of nomination and on the record date for notice of such meeting, is entered in the central securities register of the Corporation as a holder of one or more shares carrying the right to vote at such meeting or who beneficially owns shares that are entitled to be voted at such meeting, and
 - (ii) complies with the notice procedures set out in the advance notice provision, including without limitation that such notice must be provided to the Corporation
 - (A) in the case of an annual general meeting of shareholders, not more than 60 days and not less than 35 days prior to the date of the annual general meeting of shareholders (but if the annual general meeting of shareholders is called for a date that is less than 50 days after the date on which the first public announcement of the date of the annual general meeting was made (the "Notice Date"), notice by the Nominating Shareholder may be made not later than the close of business on the 10th business day following the Notice Date); and
 - (B) in the case of a special meeting (which is not also an annual general meeting) of shareholders called for the purpose of electing directors (whether or not called for other purposes), not later than the close of business on the 15th business day following the day on which the first public announcement of the date of the special meeting of shareholders was made.

Compensation

For disclosure on what steps are taken to determine compensation for the directors and the CEO, including: (i) who determines compensation; and (ii) the process for determining compensation, see the above heading "*Oversight and Description of Director and Named Executive Officer Compensation*".

Assessments

The Board annually reviews its own performance and effectiveness. Neither the Corporation nor the Board has determined formal means or methods to regularly assess the Board, its committees or the individual directors with respect to their effectiveness and contributions. Effectiveness is subjectively measured by comparing actual corporate results with stated objectives. The contributions of an individual director are informally monitored by the other Board members, having in mind the business strengths of the individual and the purpose of originally nominating the individual to the Board.

The Board is of the view that the Corporation's corporate governance practices are appropriate and effective for the Corporation, given its relatively small size and limited operations. The Corporation's method of corporate governance allows for the Corporation to operate efficiently, with simple checks and balances that control and monitor management and corporate functions without excessive administrative burden.

Audit Committee

NI 51-102 requires the Corporation to disclose annually in its information circular certain information concerning the constitution of the audit committee and its relationship with its independent auditor, as set forth below.

The audit committee also reviews with the auditors and management the adequacy of the Corporation's financial reporting and internal control procedures to ensure they are effective and appropriate. All members of the Audit Committee are considered to be financially literate within the meaning of NI 52-110.

In addition to their experience as Executive Officers, each member of the Audit Committee has experience serving on public company Boards.

- (ii) if the Fixed Term expiration date falls within two business days after the end of a black out period imposed on the Optionee by the Corporation, then the Fixed Term expiration date is extended to the date which is the Black Out Expiration Term reduced by the number of business days between the Fixed Term expiration date and the end of such black out period (i.e. Options whose Fixed Term expires two business days after the end of the black out period will only have an additional eight business days to exercise).

Options may not be exercised during a black out period unless the Committee determines otherwise.

7.2 Compliance with U.S. Securities Laws - As a condition to the exercise of an Option, the Committee may require

the Optionee to represent and warrant in writing at the time of such exercise that the Shares are being purchased only for investment and without any then-present intention to sell or distribute such Shares. A stop-transfer order against such Shares may be placed on the central securities register of the Corporation, and a legend indicating that the Shares may not be pledged, sold or otherwise transferred unless an opinion of counsel is provided stating that such transfer is not in violation of any applicable U.S. federal and state securities laws may be endorsed on the certificates representing such Shares to ensure an exemption from registration. The Committee also may require such other documentation as may from time to time be necessary to comply with U.S. federal and state securities laws. The Corporation has no obligation to undertake registration of Options or the Shares issuable upon the exercise of the Options.

7.3 Payment of Option Price - The notice described in Section 7.1 shall be accompanied by full payment of the aggregate Option Price to the extent the Option is so exercised. Such payment shall be in lawful money (Canadian funds) by certified cheque, wire transfer or bank order.

7.4 Issuance of Certificates - As soon as practicable after exercise of an Option, the Corporation shall issue a certificate or certificates evidencing the Shares with respect to which the Option has been exercised. Until the issuance of such certificate or certificates, no right to vote or receive dividends or any other rights as a Shareholder shall exist with respect to such Shares, notwithstanding the exercise of the Option. No adjustment will be made for a dividend or other right for which the record date is prior to the date the certificate is issued, except as provided by Section 10 hereof.

8. TRANSFERABILITY OF OPTIONS

8.1 Non-Transferable - Except as provided otherwise in this Section 8, or by applicable securities laws, Options are non-assignable and non-transferable and during an Optionee's lifetime may only be exercised by the Optionee.

8.2 Death of Optionee - If an Optionee dies, any Options held by such Optionee shall thereafter be exercisable, to the extent exercisable, up to one year from the date of the Optionee's death, by the Qualified Representative.

8.3 Disability of Optionee - If the employment of an Optionee as an employee of or Consultant to the Corporation or any Subsidiary or the position of an Optionee as a director or Executive Officer of the Corporation or any Subsidiary, is terminated by reason of such Optionee's Disability, and a Guardian has been appointed with respect to such Optionee, any Option held by such Optionee shall be exercisable, to the extent exercisable, by such Optionee, or on behalf of such Optionee by his Guardian.

8.4 Unanimous Agreement - If two or more Persons constitute the Qualified Representative or the Guardian of an Optionee, the rights of such Qualified Representative or such Guardian shall be exercisable only upon the unanimous agreement of such Persons.

9. TERMINATION OF OPTIONS

9.1 Termination of Options - To the extent not earlier exercised or terminated in accordance with Section 8 above, an Option shall terminate at the earliest of the following dates:

- (a) the expiry date specified for such Option in the Option Agreement;
- (b) where the Optionee's position as an employee, a director or an Executive Officer of or a Consultant to the Corporation or any Subsidiary is terminated for just cause, the date of such termination for just cause;
- (c) where the Optionee's position as an employee, a director or an Executive Officer of or a Consultant to the Corporation or any Subsidiary (other than a Person employed to provide Investor Relations Activities), terminates for a reason other than the Optionee's Disability, death, or termination for just cause, 90 days after such date of termination, or in the case of a person employed to provide Investor Relations Activities, 30 days after such termination but:
 - (i) if an Optionee's position changes from one of the said categories to another category, such change shall not constitute termination for the purpose of this Subsection 9.1(c);

- (ii) upon the Optionee making written application to the Board or the Committee and receiving the written consent of the Board or the Committee, which consent may be given at the discretion of the Board or the Committee, at such later date as determined by the Board or the Committee which must be no later than the original expiry date of such Option when it was granted and the first anniversary of the Optionee's termination; and
- (d) the date of any sale, transfer, assignment or hypothecation, or any attempted sale, transfer, assignment or hypothecation, of such Option in violation of Section 8.1 above.

9.2 Vesting - Subject to the Board's right under Section 10.4, if an Optionee is terminated in circumstances described in Subsection 9.1(c), then such Optionee's Option shall, during the 90 day or 30 day period (as applicable) prior to the termination of the Option, continue to vest in accordance with any vesting schedule to which such Option is subject.

9.3 Deemed Non-Interruption of Employment - Employment or engagement shall be deemed to continue intact during any military or sick leave or other *bona fide* leave of absence if the period of such leave does not exceed 90 days or, if longer, for so long as the Optionee's right to reemployment with the Corporation or any Subsidiary is guaranteed either by statute or has been agreed upon by contract. If the period of such leave exceeds 90 days and the Optionee's reemployment is not so guaranteed or agreed upon by contract, then his or her employment shall be deemed to have terminated on the 91st day of such leave.

9.4 Lapsed Options - If Options expire or are surrendered or otherwise terminated without being exercised in whole or in part, new Options may be granted covering the Shares not purchased under such Options. If an Option has been surrendered and a new Option has been granted to the same Optionee on different terms than the surrendered Option, then the new Option is subject to acceptance by the TSX Venture Exchange, if applicable.

10. ADJUSTMENTS TO OPTIONS

10.1 Alteration in Capital Structure - If there is a material alteration in the capital structure of the Corporation resulting from a share subdivision or consolidation, recapitalization, stock dividend, combination, reclassification or otherwise, or other distribution of the Corporation's equity securities without the receipt of consideration by the Corporation, the Committee shall make such adjustments to this Plan and to the Options then outstanding under this Plan as the Committee determines to be appropriate and equitable under the circumstances, so that the proportionate interest of the holder of each such Option shall, to the extent practicable, be maintained as before the occurrence of such event. Such adjustments may include, without limitation:

- (a) a change in the number or kind of shares of the Corporation covered by such Options; and
- (b) a change in the Option Price payable but the aggregate Option Price applicable to the unexercised portion of existing Options shall not be altered, it being intended that any adjustments made with respect to such Options shall apply only to the price per Share and the number of Shares subject thereto.

For purposes of this Section 10.1, neither (i) the issuance of additional Shares in exchange for adequate consideration (including services), nor (ii) the conversion of outstanding preferred shares of the Corporation into Shares shall be deemed to be material alterations of the capital structure of the Corporation.

10.2 Corporate Reorganization - In the event of a reorganization as defined in this Section 10.2 in which the Corporation is not the surviving or acquiring corporation, or in which the Corporation is or becomes a wholly-owned subsidiary of another corporation after the effective date of the reorganization, any Shares receivable on the exercise of an Option shall be converted into the securities, property or cash which the Optionee would have received upon such reorganization if the Optionee had exercised his Option immediately prior to the record date applicable to such reorganization, and the Option Price shall be adjusted proportionately by the Board and such adjustment shall be binding for all purposes of the Plan. For purposes of this Section 10.2, "reorganization" shall mean any statutory merger, plan of arrangement, statutory consolidation, sale of all or substantially all of the assets of the Corporation, or sale, pursuant to an agreement with the Corporation, of securities of the Corporation pursuant to which the Corporation is or becomes a wholly-owned subsidiary of another company after the effective date of the reorganization.

10.3 Acceleration on Change of Control - Upon a Change in Control, all Options shall become immediately exercisable, subject to prior written approval of the TSXV if applicable, notwithstanding any contingent vesting provisions to which such Options may have otherwise been subject. To the extent possible, the Committee shall give notice to Optionees of a Change in Control not less than 30 days in advance thereof.

10.4 Acceleration of Date of Exercise - The Board, on the recommendation of the Committee, subject to prior written approval of the TSXV if applicable, shall have the right to accelerate the date of vesting of any installment of any Option which remains unvested.

10.5 Determinations to be Made - Adjustments and determinations under this Section 10 shall be made by the Board, on the recommendation of the Committee, and the Board's decisions as to the adjustments or determinations which shall be made, and the extent thereof, shall be final, binding, and conclusive.

10.6 Effect of a Take-over - If a *bona fide* offer (the "**Offer**") for Shares is made to an Optionee or to Shareholders generally or to a class of Shareholders which includes the Optionee, which Offer constitutes a take-over bid within the meaning of section 92 of the British Columbia *Securities Act*, as amended from time to time, the Corporation shall, immediately upon receipt of notice of the Offer, notify each Optionee of full particulars of the Offer, whereupon any Option held by an Optionee may be conditionally exercised in whole or in part by the Optionee so as to permit the Optionee to tender the Shares received upon such exercise (the "**Optioned Shares**") to the Offer conditioned upon completion of the Offer within the specified time. If:

- (a) the Offer is not completed within the time specified therein; or
- (b) all of the Optioned Shares tendered by the Optionee pursuant to the Offer are not taken up and paid for by the offeror pursuant thereto;

the Optioned Shares or, in the case of clause (b) above, the Optioned Shares that are not taken up and paid for, may be returned by the Optionee to the Corporation and reinstated as authorized but unissued shares and with respect to such returned Optioned Shares, the Option shall be reinstated as if it had not been exercised. If any Optioned Shares are returned to the Corporation under this Section, the Corporation shall refund the aggregate Option Price to the Optionee paid for such Optioned Shares.

11.3 Each Option Agreement with respect to an Option granted to a U.S. Participant shall specify whether the related Option is an Incentive Stock Option or a Non-qualified Stock Option. If no such specification is made in an Option Agreement, the related Option will be a Non-qualified Stock Option.

11.4 Except as otherwise provided in this Section 11.4, the Option Price will be not less than 100% of the Fair Market Value of a Share on the applicable Grant Date but (i) the Board may designate an Option Price below the Fair Market Value of a Share on the Grant Date if the Option is granted in substitution for a stock option previously granted by an entity that is acquired by or merged with the Corporation or a Subsidiary if the number of Shares covered by the Option and the Option Price are proportionately adjusted in a manner compliant with the Treasury Regulations issued under Section 409A of the Code; and (ii) the Board may grant an Option with the Option Price less than 100% of the Fair Market Value on the applicable Grant Date if such Option otherwise qualifies for exemption from Section 409A of the Code.

11.5 In addition to the other terms and conditions of this Plan (and notwithstanding any other term or condition of this Plan to the contrary), the following limitations and requirements will apply to an Incentive Stock Option:

- (a) An Incentive Stock Option may be granted only to a U.S. Employee.
- (b) The aggregate Fair Market Value of the Shares (determined as of the applicable Grant Date) with respect to which Incentive Stock Options are exercisable for the first time by any U.S. Participant during any calendar year (pursuant to this Plan and all other plans of the Corporation and of any Parent or Subsidiary) will not exceed US\$ 100,000 or any other limitation subsequently set forth in section 422(d) of the Code. To the extent that such limitation is exceeded, the options in excess of such limitation will be treated as Non-qualified Stock Options.
- (c) The Option Price payable upon exercise of an Incentive Stock Option will be not less than 100% of the Fair Market Value of a Share on the applicable Grant Date but the Option Price payable upon exercise of an Incentive Stock Option granted to a U.S. Participant who is a 10% Shareholder on the applicable Grant Date will be not less than 110% of the Fair Market Value of a Share on the applicable Grant Date. Notwithstanding the foregoing, the Board may designate an Option Price below Fair Market Value of a Share on the Grant Date (or 110% of the Fair Market Value on the Grant Date, as applicable) if the Option is granted in substitution for a stock option previously granted by an entity that is acquired by or

merged with the Corporation or a Subsidiary if the number of Shares covered by the Option and the Option Price are proportionately adjusted in a manner compliant with the Treasury Regulations issued under Section 424 of the Code.

- (d) No Incentive Stock Option may be granted more than 10 years after the earlier of (i) the date on which the Board adopts the most recent amendment and restatement of the Plan or (ii) the date on which the Shareholders approve such most recent amendment and restatement of the Plan.
- (e) An Incentive Stock Option will terminate and no longer be exercisable no later than the earlier of the term set by the Board and 10 years after the applicable Grant Date (or if the Optionee is a 10% Shareholder, five years after the applicable Grant Date).
- (f) If a U.S. Participant has been granted an Incentive Stock Option and ceases to be a U.S. Employee, then, to retain its status as an Incentive Stock Option for U.S. federal tax purposes such Option must be exercised within the time limits set forth below. Failure to exercise such Incentive Stock Options within the following time limits will result in the Option ceasing to be an Incentive Stock Option. The limitations below are not intended to extend the Term as set forth in the applicable Option Certificate. The limitations below merely reflect the period during which an Option intended to be an Incentive Stock Option must be exercised (assuming it otherwise could be exercised during such period) in order retain Incentive Stock Option tax treatment.
 - (i) To retain its Incentive Stock Option status, an Incentive Stock Option of a U.S. Participant who ceases to be a U.S. Employee due to death must be exercised (to the extent such Incentive Stock Option was exercisable on the date of death) by the Qualified Representative of such U.S. Participant within one year following the date of death (but in no event beyond the Term of such Incentive Stock Option).
 - (ii) To retain its Incentive Stock Option status, an Incentive Stock Option of a U.S. Participant who ceases to be a U.S. Employee due to Disability must be exercised (to the extent such Incentive Stock Option was exercisable on the date of termination due to Disability) by such U.S. Participant (or the U.S. Participant's Guardian) within one year following the date of termination due to Disability (but in no event beyond the term of such Incentive Stock Option).
 - (iii) To retain its Incentive Stock Option status, an Incentive Stock Option of a U.S. Participant who ceases to be a U.S. Employee for any reason other than the death or Disability of such U.S. Participant or termination for Cause, such Incentive Stock Option must be exercised (to the extent such Incentive Stock Option was exercisable on the date of termination) by such U.S. Participant within three months following the date of termination (but in no event beyond the term of such Incentive Stock Option).

If an Incentive Stock Option ceases to be an Incentive Stock Option by virtue of failure to timely exercise the Option as described above, but the Option remains exercisable pursuant to its terms, the Option will be treated as a Non-qualified Stock Option and the provisions set forth in the Plan or the Option Agreement will apply with respect to the period during which the Option may be exercised.

For purposes of this Subsection 11.5(f), the employment of a U.S. Participant holding an Incentive Stock Option will not be considered interrupted or terminated upon (a) sick leave, military leave or any other leave of absence approved by the Corporation that does not exceed 90 days in the aggregate but if re-employment upon the expiration of any such leave is guaranteed by contract or applicable law, such 90 day limitation will not apply, or (b) a transfer from one office of the Corporation (or of any Parent or Subsidiary) to another office of the Corporation (or of any Parent or Subsidiary) or a transfer between the Corporation and any Parent or Subsidiary.

For greater clarity, under no circumstances shall the above limitations with respect to the period of time in which an Incentive Stock Option must be exercised to retain its status as an Incentive Stock Option be

construed to extend the time during which an Option may be exercised pursuant to its terms as set forth in the Plan or applicable Option Agreement.

- (g) An Incentive Stock Option granted to a U.S. Participant may be exercised during such U.S. Participant's lifetime only by such U.S. Participant.
- (h) An Incentive Stock Option granted to a U.S. Participant may not be transferred, assigned, pledged, hypothecated or otherwise disposed of by such U.S. Participant, except by will or by the laws of descent and distribution.

11.6 If this Plan is not approved by the Shareholders as required by Section 422 of the Code within 12 months after the date on which this Plan is adopted by the Board, any Incentive Stock Option granted under this Plan will automatically be deemed to be a Non-qualified Stock Option.

11.7 Any adjustment, amendment or termination of outstanding Options granted to U.S. Participants will occur only if such actions are undertaken in accordance with Code Section 409A on a basis consistent with the regulations thereunder.

12. APPROVALS, TERMINATION AND AMENDMENT OF PLAN

12.2 Power to Terminate or Amend Plan - Subject to the approval of any stock exchange on which the Corporation's securities are listed, the Board may terminate, suspend or amend the terms of the Plan but, except as provided in Section 10 above, and as long as the Corporation is a "reporting issuer" under the securities laws of any jurisdiction in Canada, the Board may not do any of the following without obtaining, within 12 months either before or after the Board's adoption of a resolution authorizing such action, approval ("**Shareholder Approval**") by the affirmative votes of the holders of a majority of the voting securities of the Corporation present, or represented, and entitled to vote at a meeting duly held in accordance with the applicable corporate laws, and, where required, by way of Disinterested Shareholder Approval:

- (b) materially modify the requirements as to eligibility for participation in the Plan; or
- (c) materially increase the benefits accruing to participants under the Plan.

However, the Board may amend the terms of the Plan or of an Option granted under the Plan where permitted under the rules of any applicable regulatory authority without obtaining Shareholder Approval to such amendment in circumstances other than as set forth above, including but not limited to:

- (d) amendments of a housekeeping nature to the Plan;
- (e) a change to the vesting provisions of an Option or the Plan, subject to prior written approval of the TSXV if applicable; and
- (f) a change to the termination provisions of an Option which does not entail an extension beyond the original expiry date of the Option.

12.2 No Grant During Suspension of Plan - No Option may be granted during any suspension, or after termination, of the Plan. Amendment, suspension or termination of the Plan shall not, without the consent of the Optionee, alter or impair any rights or obligations under any Option previously granted.

12.3 No Options Granted After 10 Years - No Option may be granted under this Plan after the date that is 10 years from the date the Plan is adopted by the Board or approved by the Shareholders, whichever is earlier.

13. CONDITIONS PRECEDENT TO ISSUANCE OF SHARES

13.1 Compliance with Laws - Shares shall not be issued pursuant to the exercise of an Option unless the Shares are fully paid and non-assessable and the exercise of such Option and the issuance and delivery of such Shares shall comply with all relevant provisions of law, including, without limitation, the United States Securities Act of 1933, as amended, any applicable provincial or state securities or corporate laws, the rules and regulations promulgated thereunder and the requirements of any stock exchange upon which such Shares may then be listed or otherwise traded.

13.2 Regulatory Approval to Issuance of Shares - The Corporation's inability to obtain authority from any securities regulatory body having jurisdiction, which authority is deemed by the Corporation's counsel to be necessary to the lawful issuance and sale of any Shares issued under this Plan, shall relieve the Corporation of any liability with respect to the failure to issue or sell such Shares.

14. USE OF PROCEEDS

14.1 Use of Proceeds - Proceeds from the sale of Shares pursuant to the Options granted and exercised under the Plan shall constitute general funds of the Corporation and shall be used for general corporate purposes.

15. NOTICES

15.1 Notices - All notices, requests, demands and other communications required or permitted to be given under this Plan and the Options granted under this Plan shall be in writing and shall be either served personally on the party to whom notice is to be given, in which case notice shall be deemed to have been duly given on the date of such service; faxed or electronically transmitted, in which case notice shall be deemed to have been duly given on the date the facsimile or electronic transmission is sent; or mailed to the party to whom notice is to be given, by first class mail, registered or certified, return receipt requested, postage prepaid, and addressed to the party at his or its most recent known address, in which case such notice shall be deemed to have been duly given on the tenth postal delivery day following the date of such mailing.

16. MISCELLANEOUS PROVISIONS

16.1 No Obligation to Exercise - Optionees shall be under no obligation to exercise Options granted under this Plan.

16.2 No Obligation to Retain Optionee - Nothing contained in this Plan shall obligate the Corporation or any Subsidiary to retain an Optionee as an employee, officer, director, or consultant for any period, nor shall this Plan interfere in any way with the right of the Corporation or any Subsidiary to reduce such Optionee's compensation.

16.3 Binding Agreement - The provisions of this Plan and the terms set out in each Option Agreement with an Optionee shall be binding upon such Optionee and the Qualified Representative or Guardian of such Optionee.

16.4 Use of Terms - Where the context so requires, references herein to the singular shall include the plural, and vice versa, and references to a particular gender shall include either or both genders.

16.5 Headings - The headings used in this Plan are for convenience of reference only and shall not in any way affect or be used in interpreting any of the provisions of this Plan.

16.6 No Representation or Warranty - The Corporation makes no representation or warranty as to the future market value of any Shares issued or issuable in accordance with the provisions of this Plan.

16.7 Governing Law - This Plan shall be governed by and construed in accordance with the laws of the Province of British Columbia.

16.8 Withholding - If the Corporation or any of its Subsidiaries, as applicable, shall be required to withhold any amounts by reason of any federal, provincial, state, local or other laws of any jurisdiction concerning taxes, social security contributions or other source deductions in respect of the issuance or delivery of the Options or Shares to the Optionee, the Corporation or the Subsidiary, as applicable, may deduct and withhold such amount or amounts from any payment made by the Corporation or a Subsidiary to such Optionee, whether or not such payment is made pursuant to this Plan. In

addition, or as an alternative to such withholding from payments, the Corporation or a Subsidiary with a withholding obligation as described above may require an Optionee, as a condition of exercise of an Option, to pay to the Corporation or the Subsidiary, as the case may be, an amount equal to the total of the withholding obligation of the Corporation or Subsidiary in respect of the issuance or delivery of the Options or Shares to the Optionee, or to reimburse the Corporation or Subsidiary for such amount. Under no circumstances shall the Corporation or Subsidiary be responsible for funding the payment of any tax, social security contributions or other source deductions on behalf of the Optionee or for providing any tax advice to the Optionee.

17. CALIFORNIA OPTIONS

17.1 Maximum Exercise Period - A California Option may not be exercised more than 10 years after the Grant Date.

17.2 Post-Termination Exercise Period – Unless employment is terminated for cause as defined by applicable law, the terms of the Plan or Option Agreement or a contract of employment, the right to exercise a California Option in the event of termination of employment of the Optionee, to the extent that the Optionee is entitled to exercise on the date employment terminates, continues until at least the earlier of the expiration of the Term of the California Option or:

- (a) at least six months from the date of termination, if termination was caused by death or disability; or
